

# JARVIS for Meeting Room

JAR101 Part # CT128/MR

## Product Features:

## VESA mounting

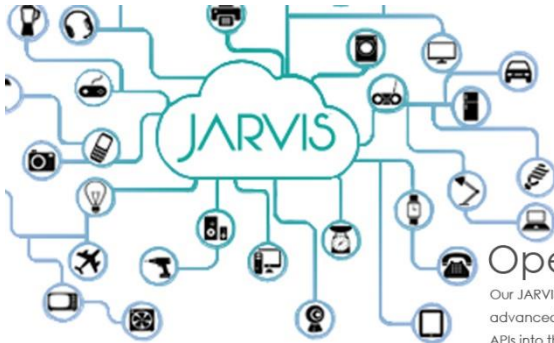

The back is with a VESA standard allowing you to mount on wall or desks

FIX-001, FIX-004, FIX-005, FIX-014, FIX-020

## Room Light Status

JARVIS meeting room is designed with a beautiful sleek housing embedded with LED light glow at the strip side of the device, measuring at 1.7cm only. It enables the true definition of showing the status of each room at one glance, making it visible through the colours. Green means available, Orange means ready and available, red means in use.

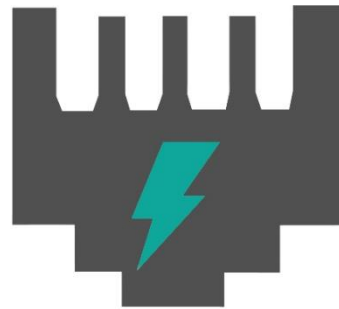

## Open API - Open Source Android

Our JARVIS meeting room supports you to integrate meeting room softwares in html or APP or advanced CMS for in room scheduling, status showing. We support developers to integrate our APIs into their programs and we also support firmware adjustments to enable a smooth operation of your software.

## POE Supported

Our slim lined JARVIS meeting room device supports POE feature which eliminates excessive cabling.

## Front View / Side View

## Back View VASE 75

Technical Specification:		
Model	JAR101 Part # CT128 / MR	
Display	Sizes	10.1" IPS
	Aspect Ratio	16:10
	Resolution	1280 x 800 (IPS) PANEL
	Brightness cd/m2	300
	Viewing Angle	U/D:85,85, L/R:85, 85
	Casing	Plastic
	Color	Black
	Contrast Ratio	800:1
hardware	CPU	RK3128 Quad Core at 1.3Ghz Processor
	RAM	1GB DDR3
	Internal Memory	8GB eMMC
	USB	Y (1)
	Micro USB (USB OTG)	Y
	SD card	Y
	Speaker	2x1W
	WiFi (802.11b/g/n)	Y
	RJ45	Y
	Control Buttons	N/A
	Audio Out	3.5mm x 1
	Mounting (VESA Mount)	75mm x 75mm
	Input voltage	DC12V 2A
	Max Power Consumption	11W
Touch Screen	Capacitive Touch	Capacitive G+G 5 point
Additional Function ( With Additional Cost)	Camera & Mic	2megapixel (non-auto focus)
	Bluetooth	4.0
